

105

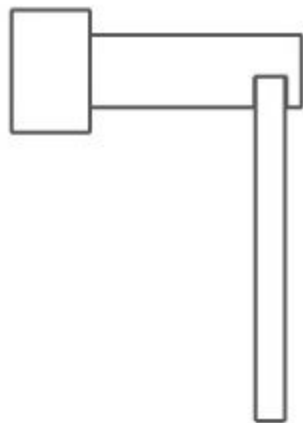

A technical drawing of a hook-shaped component. The hook has a vertical stem on the left, a horizontal base, and a curved tip on the right. At the top of the vertical stem, there is a rectangular mounting bracket with a central square hole. A dimension line to the left of the hook indicates a height of 105 units from the top of the mounting bracket to the bottom of the hook's stem.

150

A dimension line below the hook indicates a width of 150 units from the left edge of the vertical stem to the right edge of the horizontal base.

75

A dimension line below the hook indicates a width of 75 units from the left edge of the vertical stem to the right edge of the horizontal base.
